

Java Coding Standard

SEI CERT ORALCE CODING STANDARD FOR JAVA

(CHANGE THE PICTURE TO MORE SUITABLE ONES)

Member Names* | Date

Abstract

This section gives the reader an overview of the report. It should state what the report discusses, why it is important, what it tries to achieve, and how it helps the reader. The reader can be your classmates, friends, or professionals.

Abstract Max Words: 200

Links: Remove the highlighted text in the final copy.

Source: SEI CERT Oracle Coding Standard for Java - SEI CERT Oracle Coding Standard for Java - Confluence (cmu.edu)

Priority: Rule: Priority and Levels - SEI CERT Oracle Coding Standard for Java - Confluence (cmu.edu). Focus on rules with Priority **P12-P27**. If you cannot find enough rules within this priority, then consider **P6-P9** and then **P1-P4**

* Each member is responsible for 6 rules, and each rule will be explained and demoed using a sample code. **NOTE:** DO NOT use rules from Rule 01, 03, 15, 16, 17, 50 and Rule 49.

* When writing sample code, ensure you use JavaDoc style comments.

- https://www.oracle.com/technical-resources/articles/java/javadoc-tool.html

* When writing the content for the report, please ***USE YOUR OWN WORDS. DO NOT COPY the CONTENT*** directly from the provided documentation. If you copy the content, it's "plagiarism," and you will not get points for the rule or recommendation.

Rules

Rule Code: Rule Name (The code and name come from the documentation)

- Description
- Why is this rule important?
- Example of a clean working code explaining the rule.

Rule Code: Rule Name (The code and name come from the documentation)

- Description
- Why is this rule important?
- Example of a clean working code explaining the rule.

Rule Code: Rule Name (The code and name come from the documentation)

- Description
- Why is this rule important?
- Example of a clean working code explaining the rule.

* Each member is responsible for 3 recommendations, and each rule will be explained and demoed using a sample code. **NOTE:** ONLY used recommendations from Rec 05, 06, 07, and 13.

Recommendations

Recommendation Code: Recommendations Name (The code and name come from the documentation)

- Description
- Why is this recommendation important?
- Example of a clean working code explaining the recommendation

Conclusion

What is the conclusion of the report? What has the team learned, and summarize it?

* The team must provide larger examples (as many as possible) that will combine as many rules and recommendations as possible into one larger example. Please provide detailed comments in the sample code.

Rubric:

Report: 150 points

- **80 points**: A large code example that combine/covers all/majority of the team rules
    - You need to provide Java doc style comments in the code.
- **50 points for rules:** Each individual rule must be complete.
    - You need to provide Java doc style comments to the code.
- **10 points for recommendations:** Each individual recommendation must be complete.
- **10** for well-formatted documentation
